

FLEX-ED

Flexible Education to meet your needs

HERZING
COLLEGE

FLEX-ED

Students are adults, with busy schedules and busy lives.

Why should you put your life on hold to go back to school?

A Flexible Education is designed to fit your life, not the other way around.

FlexEd is a progressive learning model that offers the best of a classic teaching model and all the benefits of a virtual learning environment.

FLEX-ED

You can start your education whenever you like.

You have control over your class schedule, and you can change it from day to day & week to week throughout your training.

FLEX-ED

You can attend class every day, every other day; take two days off, it's up to you.

You can take part in a classic instructor led lecture, or your class can be in a virtual environment. Either way your instructor will be there to work with you one on one or in a group setting.

FLEX-ED
