Computer Graphic Design

Hands-on training in Adobe Illustrator, Indesign, and Photoshop. Learn basic coding, website design, and creative solutions for print and digital. Graduate in just 10 months with a professional portfolio and real work experience.

Graphic designers work with digital and print, designing everything from album covers and business logos, to websites and television shows.

Herzing's Graphic Design certificate program teaches today's most important design software. Students hone their skills by creating a wide range of digital and print designs. This is a hands-on, project based program.

🕐 Program Length: **10 Months (20 hours/week)**
Includes 6 week internship

📖 Program Delivery:
On Campus, Hybrid

CAREER OUTLOOK

Toronto is the ideal place to start a career in graphic design. The GTA is home to hundreds of design firms, marketing and advertising agencies, and many other organizations who hire graphic designers. Graphic designers enjoy many career options and opportunities for specialization. Herzing graduates are qualified to pursue careers in Print, Illustration, Web Design, UI/UX Design, Mobile App Design, Game Design, Video Content Marketing, Content Creation, Film, Animation, and more.
